

Colchester Fire District No. 1
APPLICATION for HYDRANT USE PERMIT

The use of all fire hydrants within Colchester Fire District No. 1 is governed by the Fire District's 'Water Rules & Regulations' (see Art. 6.2-3), which stipulate the conditions under which they may be used and the procedures for applying for their use. Copies of the 'Rules & Regulations' can be obtained from, and applications for the use of hydrants should be addressed to, the District Manager, Colchester Fire District No. 1 - 321 Winooski Park - Colchester, Vermont 05439. At least 48 hours prior notice is required to act on applications.

I, _____, request permission to obtain water from a hydrant in Colchester Fire District No. 1 for the purpose of _____.

The water is requested for (*date*) _____ starting at (*time*) _____.

Location: _____,
using hydrant # _____.

I acknowledge that it is my responsibility to pay a hydrant service fee of \$50 for use of any Fire District hydrant, and that any permit is valid only for the hydrant and use listed above. I also agree to pay for all water taken from the system as either measured at the meter (if required) at the rate of \$18 per 1000 cubic feet (7,480 gallons) or a minimum charge of \$25, whichever is greater within 30 days of being billed. The Fire District may request payment of fee and water in advance. I further acknowledge that I shall be financially responsible for any damage to the hydrant(s) or appurtenances caused by my negligent use of them.
